

Welcome to Autumn 1 in Year 6

Here is a brief summary of what will we be learning this term.

As writers, we will be writing our own warning story based on the book 'Aladdin' by Philip Pullman. During this unit of work, the children will focus on character description. Towards the end of this unit of work, the children will then have time to invent their own prologue, prequel or sequel based on their own piece of writing.

In grammar we will be learning about using subordinate clauses, semi-colons and hyphens.

In handwriting we are practicing our letter formation and joins.

As readers, the children will be looking at a range of different extracts focused on animal imagery. In this unit, the children will discuss the impact of animal imagery in stories on readers and how and why they believe authors use animal imagery to support the development of characters.

As mathematicians, we will be learning to read, write and represent numbers up to 10,000,000, including numbers with 3 decimal places. We will be recapping arithmetic skills taught in Year 5, such as column addition and subtraction, short division and short multiplication.

As scientists, we will be investigating and learning all about the circulatory system. We will learn about how and why the heart pumps and how this links to other bodily functions.

As historians, we are learning about World War Two. We will be able to explain when and why it started, who was involved, and what it was like to live through the war.

As musicians, we are learning about notation and performance skills whilst exploring Dvorak's 'Largo'. This piece is all about place, discovering something new and experiencing new things.

In RE, we are learning about Islam and the Five Pillars. This will give us insight and understanding into the Islamic way of life and what is important to Muslims.

In computing, we are learning how to create websites using the platform Google Sites. This will develop our knowledge and understanding of what a good website is like and how to build one. Our websites will display the learning from our History topic about WW2.

In PSHCE, we will be learning what it means to 'Be Me' in our world. This will focus on getting to know our strengths and weaknesses and how we view ourselves as members of a wider community. We will reflect on our journeys so far and our goals for the coming year.

As artists, we are learning how to use shade, texture and tone to create 3D style drawings with depth.

In PE, we are focusing on our co-ordination and team-work skills, alongside developing confidence in manipulating a ball.
