

Blogging in Year 3

This year we would like to use both the Year 3 and SMILE blogs to communicate with our parents and pupils and to extend learning at home. Please visit both blogs regularly and allow your child to comment on relevant posts. When used successfully the blog can be an important learning and communication tool. The Year 3 blog can be found in the 'Our Classes' section of our website and the SMILE blog is in the 'For Parents' section.

Thank you to the parents and pupils who already visit and comment regularly.

E-Safety advice for children when commenting on the blog:

- only use your first name or nickname in the name box,
- use a 'made up' email address that contains @ and .com for example:
firstname@school.com (only Miss McNally can see this),
- think about who you are writing comments for (Miss McNally is sent all comments to moderate.)

Happy blogging!
