Primary School League Tables

The Department for Education has recently published its Primary School League Tables, for the tests taken in May 2018.

Obviously our data always includes the children in our Specialist Unit, who never sit the National Tests and last year there were eleven students within our SU that fell into this category.

As a result, we always produce our own mainstream data, which is shared with the Governing Body. We thought it would be helpful for you to see it too, as we are very proud of our pupils achievements.
